A BIA is a self-funded association of commercial property owners and business tenants created to improve the local business environment. BIAs are governed under the City of Toronto, Municipal Code - Chapter 19.

This meeting will provide members of the commercial/industrial business community within the proposed expansion area to comment and ask questions on what BIAs can do; how they operate; and how they are funded. Commercial/Industrial property owners and business tenants will also have an opportunity to **VOTE** on whether to proceed to the formal polling stage.

The Weston Village BIA has been working hard since they were established 1979. Over the years they have continued to improve their streetscape and provide two annual successful events - The Weston Santa Clause Parade and the Farmers Market. The BIA is looking towards the future with developing a strategic plan. Some of the future initiatives which the proposed expansion area would become part of are:

- The Weston Village BIA website, includes a business directory with a vision to expand our social media presence. Be sure to visit us at: <http://westonvillagebia.com>
- Implementing a BIA Strategic Plan with focussing on marketing, promotion, beatification, safety and business retention
- An opportunity to join a collective voice that will advocate for local businesses
